### VISIT TO L. O. O. F. HOME

Snyder, Texas, Oct. 1-2.  
Mrs. Hardy & Classmates,  
Snyder, Texas.  
Mr. R. W.

I send you a note from a most enthusiastic Highway Outfitter. On Friday night of last week Mr. Farmer road in the Star-Telegram of the approaching Annual Visit of the Tarrant County Oil Palms Association to the L. O. O. F. Home at Corsicana, on last Sunday Mr. Farmer said that I can add something to those with pleasure, as what would be the sensible choice of a train load color from the West Texas L. O. O. F. Association. I left Saturday afternoon for this visit and I return very optimistic. I feel sure that by putting our shoulders to the wheel and pushing that it can be done, giving a chance to many of the members to our Western section as well. All I will do is to make my letter too long, so I will only mention the new "Old Home". It is as well arranged with the comfort and conveniences of the aged in view. That appreciates it too. One dear old soul, the older is the house, has seen three mile roads and when we were in her room talking to her, she said "Dears go home and tell your members that there is a noble work and that they are helping to make life not only miserable, but very peaceful and comfortable to us old men and women who would otherwise be living on the world, possibly Deaf, dumb, lame, etc., as that sort?"

As President of the West Texas L. O. O. F. Assoc. I shall do all I can to give up the price to make a visit to the railroad, anything that others can do to help will be appreciated by us beside the good you get from it yourself.

Yours in P. S. T.  
WILLIE STRATHORN FARMER

H. H. Henry and A. H. Harris have come to Snyder to buy cotton and Joe Lee will be back here in a few days.

### Texaco Axle Grease is Real Grease—pure lubricant throughout.

Get a trial can—say just a pound to begin with. Subject it to the test of heavy hauling in hot weather. Keep a careful check on the number of times you need to re-grease the axles.

You will see that Texaco Axle Grease costs less because it lasts longer.

It is one of the many Quality Products we make for use on the farm, in the factory, in the home—everywhere where oil products are used in this country and abroad.

"Cheer Up, Brother.  
Take a Chew of STAR  
and Forget It."

THEY'LL never "get your goat" if you have a chew of STAR in your cheek. You "forget it" the minute you set your teeth on the juicy STAR plug.

The naturally sweet leaf in STAR is developed to an even deliciousness throughout. This is retained to the last chew by the three-quarter inch thickness that can't dry out like a thin plug. And every STAR plug is always a full 16 ounce pound.

### Men Who Chew Are Men Who DO

If your work keeps you from smoking—chew STAR. If you're smoking too much or chewing too strong a tobacco—change off to mild, mellow STAR.

STAR was awarded the Grand Prize at the San Francisco Exposition, and is the only chewing tobacco that has ever received this highest possible award.
